GIVING not GETTING for her 11th Birthday!

Instead of getting gifts for her 11th birthday celebration, Harper Snyder is deciding to give! She is inviting 10 of her friends to join her tomorrow for a **“VOLUNTEER BIRTHDAY PARTY”** to help Rainbow!

Harper’s father has served on the board, so she is familiar with our mission of helping children and adults with developmental disabilities. She’s participated and attended many Rainbow events and activities over the years, so we are very proud of her willingness to volunteer and share our mission with her friends.

This should be a fun and giggly group of 10 and 11 year-old volunteers sharing their smiles with Rainbow on Friday, February 15 starting at 2 pm!

Harper, age six, helping her dad at a Rainbow event!
